

Lilac Sky Schools

International Days

FOR PRIMARY SCHOOLS

Are you keen to develop your foreign language entitlement in your school?

An international day is an excellent way for pupils to learn more about life in other countries, to celebrate diversity and learning languages.

What can Lilac Sky Schools offer?

We can organise an International Day for Key Stage 1 & 2. If required, we can make the day into a whole school initiative inviting all staff and pupils to play a role. Workshops are fun and interactive and suitable for all children. We supply our own resources. Follow-up material will be left with the teachers which includes a variety of unique ideas for teachers to use to embed languages into their classroom on a daily basis.

What are the benefits of an International Day?

- Pupils explore the language and culture of a country in a way that is fun, interactive with an authentic feel.
- Workshops have cross-curricular links with other subjects including art, PE, literacy and PSHE.
- An *International Day* significantly improves their understanding of cultural diversity both locally and globally.
- Your day is tailored to suit your school's individual language requirements.

Prices

The *International Day* can be run as a half-day or full-day workshop, with one or two facilitators – whatever fits with your budget:

Half-day workshop - £285

Primary School full day (one facilitator) - £385; (two facilitators) - £500

To find out more, discuss this further or if you would like to book an International Day with us please contact – Vicky Rezaie by email vicky@lilacskyschools.co.uk or by telephone on 07793039862
